Saturday 30th August
→ 6th of September

The Norwegian Vikings 3rd Invasion
of the South - though in a more
friendly way than the previous...

This time - according to my knowledge
no women have been raped and
no monasteries plundered - we have
really improved - or have we?

But we did like the boat,
the crew and the food. ^{∇ (Not to talk about the food...)}
We would really like to come
back, perhaps next year.

The humour was also fabulous,
and we had had lots of good
jokes and good laughs.
I even got a bay called after

me - "Caramba Bay".

We sincerely would like to thank
you from the deep of our hearts!

"Fort! Fort!"

"Skal vi slippe anker?"

Actually we are talking about forming
the famous society: "The Norwegian-
Croatian Society of Jokes and
Good Laughs" Hakuna Matata!
