Dear Patronice's Master,

With your expert and amicable guidance and piloting, our family - a total of 12 - have had the most enjoyable trip, sharing new experiences, improving our family relationship, having fun among us and with you and the very nice and helpful members of your crew, trying at all times to get the most of our seven journeys, and of you, your crew and Patronice.

We will certainly record this voyage in our memory as an unforgettable adventure and we certainly wish you and each of the crewmen the very best. With our warmest regards from Chile, a country where you spent some years in your youth.

Para mis querido Damen, estas lineas de agradecimiento por el amistoso y familiar ambiente que hemos podido gozar en este lindo viaje por los costas de Croacia, en medio de tormentas y sol, ceses de pida tierra y mar.

ge los Captain Damen, ge los Damen, the ant killer, ge los Damen, the look.
