BILJEŠKE

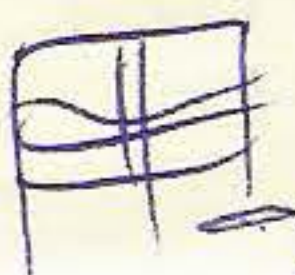

Dear Petrovice & Pamela

As a group of 11 Euro-Tour global travellers and experienced sailors, we wish to thank you from the bottom of our hearts for an unforgettable holiday. Surely, the Croatian coastline is the best in the world for a maritime voyage, not only because of the climate and the mild winds, but mostly because of the clear waters and the stunning bays. Now, the natural advantages are only second to the incredibly rare and extraordinary seaminded crew of Demis. We love this beautiful and comfortable boat with difficulties and "honest smiles" to return as soon as possible.
